# Early Years Programme

**8<sup>th</sup> February – 28<sup>th</sup> March 2022**

Join us for this Early Years Programme looking at the principles of developing an evidence-rich approach to improving teaching and learning in Literacy in the Early Years Phase.

Our Evidence Leaders in Education for Early Years are delivering a series of sessions to help practitioners engage with critical documents: the EEF [Preparing for Literacy Guidance Report](#), [Early Maths Guidance Report](#) and the new EYFS Statutory Framework

Here are a few of the key threads to the programme. Throughout the programme, the facilitators will create more bespoke strategies and tools for support to match the cohort and ensure that you leave the course with the best bets for creating an evidence rich approach to improving teaching and learning in the Early Years phase.
