

Evidence Champions Knitting Network Spring-Summer 2021

'Evidence Champions' are those colleagues in our settings who advocate evidence informed practice, role model in their own practice and support others in continuously improving teaching and learning with the ultimate goal of improving outcomes for our learners.

An Evidence Champion can often be find re-tweeting something innovative and interesting or photocopying a chapter from a newly published book to share with colleague. They are passionate and look to exemplify the evidence in their own classroom and support others to translate it to other subjects or phases...

Is this you or someone you know? 😊

The '**Knitting Network**' is an opportunity for those like-minded professionals to come together, share knowledge and inspire each other. It's a chance to delve into the evidence base and keep up-to-date with new publications and threads of thinking from across the educational landscape through collaboration.

Who is this for? This is open to practitioners from across settings: primary, secondary, special and AP.

Dates:

- Thursday 11th February - 4pm – 5pm
- Thursday 18th March - 4pm – 5pm
- Thursday 13th May - 4pm – 5pm
- Thursday 1st July – 4pm – 5pm

Facilitator: Beth Greville-Giddings

Beth is Learning & Development Lead for the Raleigh Learning Trust and is the Research Lead at Westbury Academy in Nottingham.
