Improving School Leadership by Reflecting

John Rodgers

<https://researchschool.org.uk/cornwall/news/improving-school-leadership-by-reflecting>

Possible questions to aid reflection

- 1.Does my school or setting provide opportunity for reflecting on implementation?
- 2.Do we reflect on the evolving needs of pupils and staff?
- 3.Do we reflect on whether an approach continues to meet identified needs?
- 4.Do we reflect continuously through all phases of the implementation process?
- 5.Do we consider if an approach is right for our school /setting? Does it fit here? Is it feasible here?
- 6.Do we reflect to prove or improve?
- 7.Do we reflect on implementation outcomes?
- 8.Do we reflect on barriers to implementation?

9. Do we reflect on enablers to implementation?

10. Do we have a reflective culture?
