Somerset Research School
Supported by the Education Endowment Foundation

Developing Literacy in Primary Schools

'We Need to Talk'

- The Oracy Network

About the programme

This in-depth 3 module programme will focus on the latest research evidence. It will provide delegates the opportunity to share, reflect on and build from areas of strength as they identify and explore the components of literacy they wish to give renewed attention.

The Oracy Education Commission summed it up perfectly in the title of their 2024 report *'We Need To Talk'* - however you choose to read those four words. The joy of language!

How can we ensure for our children an interest and delight in language that will support a developing life-long love of reading and, in parallel, have all children knowing that their voice can and needs to be heard whether through the spoken or written word?

Dates & overview

Day 1: Tuesday 19 January, 09.00 – 15.00
Introduction
Acting on the EEF Guidance report, Putting Evidence to Work: explore, prepare, deliver, sustain.

Day 2: Wednesday 17 March 09.00 – 15.00
Literacy is complex...
how the processes involved are related, work together, or operate in isolation."
- spoken language, reading and writing

Day 3: Tuesday 27 April 09.00 – 15.00
Implementation planning
Targeted teaching and particular support for those pupils struggling with their literacy.
