Small Schools Evidence Network

Small School Evidence Network

Empowering small schools through research and collaboration

 Are you a staff member in a small school? Do you support small schools?

Would you like to:

- Explore research evidence tailored to small school contexts?
- Hear top tips from fellow educators in small schools?
- Share best practices from your own small school?

Why Join the Network?

The Small Schools Evidence Network, facilitated by the Research Schools Network (RSN), is designed to help small schools:

-  Engage with practical, evidence-based strategies
-  Connect with like-minded professionals
-  Enhance teaching & learning
-  Break the link between family income and educational achievement

**Cornwall

Theme: Implementation**

Monday 18 May 4.00pm - 5.00pm - [Register Here](#)

Tuesday 7 July 4.00pm - 5.00pm - [Register Here](#)

Recordings of our
previous network
meetings can be found
on our
[Small School web page](#).

Each session will end with a small school surgery where you can bring along any small school specific challenge that you are facing and ask colleagues for advice.
